POOL PRIORITY USE BY ELKHORN PUBLIC SCHOOLS

Common Ground Community Center was built around an agreement by the citizens of Elkhorn and the Elkhorn School District to build a community center for the citizens and a pool for the school district. The Elkhorn School District owns the pool and has priority use over the aquatics side of the facility. When the school district and their programs are not using the pool it is open for the benefit of the Common Ground Members. If you have any questions in regards to the pool schedule please call the facility supervisor at 402.289.0451 (or the school district office at 402-289-2579).
