

1. Visit <http://accwls01.ci.omaha.ne.us/permitinfo>
2. Click on Register for an Account in the top right corner
3. Fill out the registration info.
4. Watch the short video at <http://www.cityofomaha.org/planning/permits/frequently-asked-questions#8> on how to find your Contractor ID number.
5. Go back into account management in the upper right corner after you have logged in using your username and password. Username is your email address entered in registration info.
6. Scroll to the bottom of Account Management screen and attach your contractor ID to your account. (After you Number comes up click the actual number (ie.89239) to request association)
7. Once you have done this we at the City will approve or deny your request, and then any permit that has that contractor on it will be available to you for inspection scheduling.
